Fairfax Parks & Recreation Department

Facilitating Health and Physical Fitness and Recreational Opportunities in Fairfax

Hello Ski Families,

Thank you for participating in the program this year! We just wanted to pass along some important info and changes.

All students are to report to Mrs. Boutin's classroom at dismissal on ski club Fridays. Please make sure you send a note to your child's teacher. It's always a great idea to send an extra snack that they can have before we go out for skiing too.

Pick up time is at 4:15pm in the elementary school lobby. This is different than the flyer that your child came home with. On really cold days we will convene in the lobby at 4pm to have a snack and hot cocoa. On warmer days we will be outside the door on the end of the building closest to the playground and basketball court for snack and pick up. **Parents must make contact with Jan Kane or Liz Minor before their child leaves.**

On Friday mornings Jan will be in the lobby with a bin for skis. Ski equipment is not provided. If your child needs equipment you can check Play it Again Sports in Burlington.

Please make sure you print a form from the rec department website (if you haven't already) and send it with your child. <http://www.fairfaxrecreation.com/>

It was really cold last week, but the athletes had fun and skied for quite a while! Please let us know if you have any questions.

Think snow,

Jan and Liz
