

2014 TOWN OF FAIRFAX

**PHASE II - SIDEWALKS THROUGH THE GROWTH CENTER
PUBLIC MEETING
MONDAY OCTOBER 6, 2014
6:45 PM**

Selectboard Members Present: Tom Fontaine, Chair; Chris Santee, Vice-Chair; Randy DeVine and Peter King.

Public Present: Lorraine Wood, Barbara Murphy, Carl Jones, D. Jay Leach, Carl Jones and Deborah Woodward.

Staff Present: Stacy Wells, Local Project Manager

Call to Order: Tom called the public meeting to order at 6:45 pm.

Local Project Manager Stacy Well opened the meeting with introductions as well as explaining what is happening to the sidewalk project to date. A grant is currently being written for Phase II, Sidewalks through the Growth Center, which encompasses the area of 1250 Main Street to 1306 Main Street.

A copy of the grant as well as maps was made available to the public.

Lorraine Wood, resident located at 1276 Main St., addressed her concerns with how close to her home the construction of the sidewalks would be; who will take care of the sidewalks once they're constructed and a concern as she has someone plow a spot in front of her house for access to her fuel tank and if this would be a problem. Her concerns were addressed and she was satisfied with the answers given to her.

Barbara Murphy asked whether or not there would be crosswalks and if they would be made visible. The state has reviewed the plans, which shows crosswalks.

The meeting concluded at 7 pm.

Stacy M. Wells, Adm. Asst. to the Selectboard

Local Project Manager
